Day one | **Wednesday 18 November 2026****Theme: Why Bancassurance Must Evolve****08:30 – 09:00 | Registration & Networking Coffee**

Arrival, badge collection, and informal networking with peers across banking, insurance, and technology. An opportunity to set the tone for the day and begin building connections.

09:00 – 09:30 | Opening Remarks & Conference Framing**Why “From Channel to Ecosystem” — and Why Now**

This opening session sets the strategic context for the conference, outlining the structural shifts reshaping bancassurance—from regulatory pressure and digital disruption to changing customer expectations.

- Why the traditional branch-led model is under strain
- The urgency for transformation across distribution and service
- What defines an ecosystem-driven bancassurance model

09:30 – 10:30 | Keynote: Bancassurance Reimagined — The Next Decade of Distribution, Service & Protection

A forward-looking keynote exploring how bancassurance will evolve over the next 5–10 years.

- The shift from product push to customer-centric protection
- Integration of banking, insurance, and digital ecosystems
- The role of data, platforms, and partnerships
- Winning models emerging across global markets

10:30 – 11:00 | Morning Networking Break**11:00 – 12:00 | The Future Market Landscape
Customer, Competition, and Structural Change**

An in-depth exploration of the forces reshaping the market:

- Evolving customer behaviour and expectations around protection
- Digital-first engagement and service models
- Competitive pressure from Insurtechs, platforms, and non-traditional players
- Implications for banks and insurers operating in bancassurance

12:00 – 12:45 | Panel Discussion: Is Traditional Bancassurance Already Obsolete?

A candid discussion on the current state of bancassurance.

- What elements of the traditional model still deliver value
- Where the model is breaking down (sales practices, servicing, engagement)
- Lessons from markets that have already evolved
- What leaders must prioritise over the next 2–3 years

12:45 – 13:45 | Networking Lunch**13:45 – 14:45 | From Sales Channel to Ecosystem Model
Designing the Future Operating Model**

This session examines how bancassurance can transition into a fully integrated ecosystem:

- Redefining roles between banks, insurers, and partners
- Moving from siloed distribution to integrated customer journeys
- Aligning incentives, ownership, and accountability
- Building scalable and sustainable ecosystem models

**14:45 – 15:45 | Embedded Protection & Contextual Insurance
Meeting Customers at the Point of Need**

A deep dive into embedding insurance within customer journeys:

- Identifying moments where protection becomes relevant
- Embedding insurance into banking, lending, and lifestyle ecosystems
- Leveraging data and context to personalise offerings
- Balancing convenience with compliance and customer understanding

15:45 – 16:00 | Afternoon Refreshments**16:00 – 16:45 | Panel Discussion: Growth Without Mis-Selling
Balancing Commercial Performance with Customer Trust**

A critical discussion on sustainable growth:

- Managing sales incentives and conduct risk
- Strengthening disclosure and customer understanding
- The role of post-sale servicing and claims experience
- Building long-term trust while achieving growth targets

16:45 – 17:00 | Day 1 Wrap-Up**Key Takeaways & Transition to Day 2**

Chairperson's summary of key insights from Day 1, highlighting strategic themes and setting the stage for deeper execution-focused discussions on Day 2.

Day two | Thursday 19 November 2026

*Theme: How to Build the Next-Generation Model***08:30 – 09:00 | Arrival Coffee & Networking**

Informal networking over refreshments. A chance to reconnect with peers and continue conversations from Day 1.

09:00 – 09:15 | Day 2 Opening Reflections**From Insight to Execution**

Chairperson recap of key insights from Day 1, with a clear framing of Day 2 as a transition from strategy to execution.

- Key themes emerging from Day 1
- What “building the model” requires in practice
- How organisations can move from vision to implementation

09:15 – 10:15 | Designing Bancassurance for Speed, Scale & Control**Target Operating Model for the Next Generation**

A deep dive into redesigning the bancassurance operating model:

- Balancing growth ambition with governance and control
- Structuring teams, ownership, and accountability
- Aligning distribution, servicing, and product functions
- Building operating models that scale efficiently across markets

10:15 – 11:15 | The Architecture of Ecosystem Bancassurance Platforms, APIs & Integrated Workflows

Exploring the technology backbone of next-generation bancassurance:

- Platform-based models and ecosystem orchestration
- API-led integration between banks, insurers, and partners
- Workflow automation across sales, servicing, and claims
- Enabling seamless customer journeys across channels

11:15 – 11:45 | Morning Refreshments & Networking**11:45 – 12:45 | Data, Analytics & AI in Next-Generation Bancassurance****From Insight to Intelligent Action**

A focused session on leveraging data and AI across the value chain:

- Advanced targeting and customer segmentation
- Personalisation and next-best-action models
- Retention, cross-sell, and lifecycle management
- Governance, explainability, and regulatory considerations

12:45 – 13:30 | Panel Discussion: Can Bancassurance Become a True Customer Ecosystem Business?**Defining the Boundaries of the Model**

A strategic debate on how far bancassurance should evolve:

- Should banks own the ecosystem or orchestrate partnerships?
- Where does insurance fit within broader financial and lifestyle ecosystems?
- Trade-offs between control, speed, and innovation
- Lessons from leading markets and adjacent industries

13:30 – 14:30 | Networking Lunch**14:30 – 15:30 | Designing Products That Fit the Journey, Not Just the Shelf****Reimagining Proposition Design**

Shifting from traditional product-led thinking to customer-centric design:

- Modular and flexible product structures
- Embedding protection into customer journeys
- Simplifying onboarding, underwriting, and servicing
- Enhancing customer understanding and engagement

15:30 – 16:30 | Partnership Economics & Performance Measurement**Driving Sustainable Value Creation**

An in-depth look at the commercial engine behind bancassurance:

- Structuring win-win partnerships between banks and insurers
- Moving from volume-based metrics to value-based performance
- Customer lifetime value and profitability measurement
- Designing KPI frameworks and dashboards for decision-making

16:30 – 17:00 | Closing Plenary: Priority Actions for 2027–2029 From Strategy to Roadmap

A forward-looking session summarising key takeaways and translating them into actionable priorities:

- Critical capabilities institutions must build
- Strategic decisions that cannot be delayed
- A practical roadmap for the next 2–3 years

17:00 – 17:10 | Closing Remarks & End of Conference

Closing remarks from the host, key acknowledgements, and official close of the conference.

Theme: Turning Insights into Actionable Strategies and Execution Frameworks

A highly practical, interactive masterclass designed to help participants translate conference insights into **real-world execution plans, operating models, and measurable outcomes**.

08:30 – 09:00 | Registration & Pre-Session Diagnostic**Setting the Baseline**

Arrival, participant introductions, and a structured diagnostic to assess current bancassurance maturity levels.

- Participant expectations and priorities
- Benchmarking current capabilities across distribution, servicing, and partnerships

09:00 – 10:00 | From Channel to Ecosystem — What Changes in Practice?**Defining the Shift & Avoiding Common Pitfalls**

A foundational module translating strategy into operational reality:

- What an ecosystem model looks like in practice
- Key differences vs traditional bancassurance
- Typical implementation mistakes and how to avoid them
- Sequencing transformation initiatives effectively

10:00 – 11:00 | Customer Journey Redesign Workshop**From Product Push to Customer-Centric Design**

An interactive working session where participants:

- Aligning incentives and performance across stakeholders

13:15 – 14:00 | Networking Lunch**14:00 – 15:00 | Risk, Conduct & Control in Next-Generation Bancassurance****Building Trust While Scaling Growth**

A practical session on designing robust control frameworks:

- Managing conduct risk across digital, branch, and partner channels
- Ensuring transparency, disclosure, and suitability
- Controls for embedded and ecosystem-based distribution
- Strengthening post-sale servicing and claims experience

15:00 – 16:00 | Data, Technology & AI Enablement**Defining the Minimum Viable Capability Stack**

An applied module on enabling the model through technology:

- Core data and analytics capabilities required
- Personalisation, targeting, and next-best-action models
- Integration across platforms and partners
- Governance boundaries, data privacy, and AI explainability

16:00 – 16:15 | Afternoon Refreshments and networking.**16:15 – 17:00 | Metrics, Economics & 90-Day Action Planning****From Insight to Execution Roadmap**

A closing working session focused on immediate implementation:

- Defining KPIs aligned to value, not just volume
- Understanding customer lifetime value and partnership economics
- Prioritising initiatives for the next 90 days
- Building a practical, organisation-specific action plan

Masterclass Outcome

Participants will leave with:

- A clear understanding of how to operationalise the ecosystem model
- Practical tools for redesigning journeys, partnerships, and operating models
- A structured 90-day action plan tailored to their organisation
- Greater clarity on balancing growth, customer value, and control

Why You Can't Miss the Bancassurance Reimagined Conference 2026

The **Bancassurance Reimagined Conference 2026** places you at the forefront of a rapidly evolving industry—where traditional distribution models are being redefined by ecosystem thinking, digital transformation, and shifting customer expectations.

As bancassurance moves beyond a narrow, branch-led sales channel, organisations must navigate an increasingly complex landscape shaped by **embedded protection, data-driven engagement, platform integration, regulatory expectations, and new partnership models**. This conference is designed to help you understand—and act on—these changes.

Across two strategic days and a hands-on masterclass, the agenda is carefully structured to guide participants from **understanding why the model must evolve to how to design and implement next-generation bancassurance frameworks in practice**.

What You Will Gain

Participants will gain invaluable insights by learning directly from **distinguished industry practitioners, specialised experts, and transformation leaders**, with sessions aligned to the most critical areas shaping bancassurance today:

- **Strategic clarity on the future of bancassurance**, including the shift from product-led distribution to ecosystem-driven protection models
- **A deep understanding of market forces**, customer behaviour, and competitive dynamics reshaping the industry
- **Practical frameworks for operating model redesign**, enabling speed, scale, and governance across bancassurance businesses
- **Actionable insights into embedded insurance and customer journey integration**, ensuring relevance at the moment of need
- **Expert perspectives on data, analytics, and AI**, and how to translate insight into intelligent customer engagement and retention
- **Guidance on partnership models and ecosystem economics**, including value-sharing, performance measurement, and sustainable growth
- **Best practices in risk, conduct, and customer protection**, ensuring growth without compromising trust or compliance

Acknowledgement and Appreciation

TAB Group, as the conference organiser, extends its heartfelt appreciation to the diverse community of solution providers, media partners, industry practitioners, financial institutions, and valued participants who have played an integral role in shaping and sustaining the Bancassurance Reimagined Conference 2026. This event is a reflection of the collective expertise, insights, and collaborative spirit of the bancassurance ecosystem. We extend special recognition to our **distinguished speakers and advisory board members**, whose deep industry knowledge, strategic foresight, and thought leadership have been instrumental in curating a comprehensive, world-class agenda. Their contributions have ensured a focused exploration of the most critical themes shaping the future of bancassurance—including **ecosystem-based distribution, embedded protection, digital transformation, partnership models, and customer-centric innovation**.

We also express our sincere gratitude to our **valued sponsors and strategic partners**, whose continued support, commitment, and shared vision have made this conference possible. Their role in advancing **technology enablement, data-driven capabilities, and next-generation distribution models** is central to driving meaningful progress across the industry.

Through the combined efforts of all stakeholders, this conference continues to serve as a catalyst for **insightful dialogue, cross-industry collaboration, and practical innovation**—helping redefine how banks and insurers deliver protection, create customer value, and build resilient, future-ready bancassurance businesses.

From Insight to Execution

More than just a conference, this is a **practical learning and networking platform**. The inclusion of a dedicated masterclass ensures that participants leave not only with ideas, but with **clear execution frameworks, tools, and a 90-day action plan** to drive real change within their organisations.
